## February 2007

**GOOD NEWS - Proposals approved!**

### NetWoRM in Latin America

The German Academic Exchange Service approved our proposal for collaboration with the University of Santiago (Santiago, Chile), the Universidad Austral (Valdivia, Chile), and the Federal University of Paraná (Curitiba, Brazil). A student from Munich will visit Chile and Brazil and create a new case. Thereby he/she will **compare the legislation between Germany, Chile and Brazil**. Furthermore lecturers from Chile/Brazil will visit Munich and learn more about CASUS and case creation. In the framework of this project, **NetWoRM members of LA will participate at our meeting in Heidelberg**. We are looking forward to them.

**Quiz! What is this?**

## NetWoRM in Québec succeeded as well!

Our proposal for collaboration between the University of Montreal and the Ludwig-Maximilians-University Munich has been approved by the Center for Bavarian-French Cooperation. Monique Isler from Montreal, Canada, will also take part in our meeting in Heidelberg and further exchange is planned. We are very happy about that!

**Don't forget:  
Heidelberg, March, 14<sup>th</sup> to 16<sup>th</sup>, 2007.**

**"The NetWoRM project - past, present and future"**

Please keep in mind (for all participants):

- You need enough time to visit the meeting from Wednesday afternoon to Friday noon!
- The last date for changes of the hotel booking will be Wednesday, February, 21st, 2007.
- Prepare a **SHORT** (!) (not more than 10 - 15 min) talk on the experiences with NetWoRM and future aims.

**Solution of our quiz:** Villarrica - active volcano in Chile; 2840 metres; first eruption in 1558; 50 eruptions in the last 500 years

**We are looking forward meeting you in  
Heidelberg!  
Katja, Jörg, Steffi, Georg, Martin and Inga**
